SUBJECT INDEX

A

Abnormalities, congenital *see* Congenital abnormalities
Adenine phosphoribosyltransferase deficiency, 2, 8-dihydroxyadenine urolithiasis in, 521
Adrenal glands
  cystic lymphangioma (case report), 93
  myelolipoma as seen on nuclear magnetic resonance imaging (case report), 384
Amyloidosis, urinary tract, cardiovascular complications (case report), 386
Angiography, digital subtraction *see* Digital subtraction angiography
Angiomyolipoma of kidney, associated with hypercalcaemia (case report), 89
Angiosarcoma of ureter (case report), 275

B

Band, David, obituary, 286
Bladder
  bacteriuria during intermittent catheterisation in acute spinal cord trauma, comparison of efficacy of "Trisdine" and kanamycin-colistin instillations, 140
  cancer/carcinoma
    cephradine prophylaxis in transurethral procedures, 136
    diagnostic efficacy of combination of urine cytology, urine analysis and history in follow-up, 150
    earlier diagnosis using pre-clinic intravenous urography, 11
    following renal transplantation, HPV type 11 DNA in, 36
    pre-emptive (neo-adjuvant) chemotherapy prior to radical radiotherapy in fit septuagenarians, 154
    radical radiotherapy and salvage cystectomy in treatment of invasive (T2/T3) bladder cancer, 343
    T3, adjuvant chemotherapy, 558
    transitional cell, differing interpretations of pT category and grade, 339
    transitional cell, prognostic indices, 103
    transitional cell, should pT1 transitional cell carcinoma be classified as superficial? 235
    transitional cell, in young man, 32
    transitional cell, in young man, treated by urethrocystectomy (case report), 380
    variations of cortisol hydroxylation and paracetamol metabolism in, 419
  congenital neuropathic, peripheral neurology as predictor of bladder dysfunction, 51
  incomplete exstrophy (case report), 484
  neck, unilateral incision, long-term follow-up, 160
  ruptured, following phosphate enema (case report), 616
  stones, *see* Stones, bladder
Bone marrow transplantation, cystitis as manifestation of chronic graft- versus-host disease following (case report), 612
Bone(s)
  metastases from seminoma of testis (case report), 380
  mineral content in patients with carcinoma of prostate, 355

Brindley anterior sacral root stimulator, 553
Budd-Chiari syndrome with portosystemic encephalopathy as first sign of renal carcinoma (case report), 274
Bulbus glandis in dog, functional innervation patterns, 597
Bumetanide in prophylactic treatment of adult nocturia, 145

C

Calcium oxalate
  measurement of crystals in urine, 199
  urolithiasis, urinary inhibitors, 515
    Candida pyelonephritis, complicated by fungaemia in obstructive uropathy, 7
Carcinoma *see sites of carcinoma*
Catheterisation, intermittent, antiseptics in long-term urological management of patients, 289

Cephradine prophylaxis in transurethral procedures for carcinoma of bladder, 136
Chlamydia trachomatis
frequency in acute epididymitis, 76
relevance in acute epididymitis in young men, 72
Chyluria as cause of haematuria in patients from endemic areas, 609
Colovesical fistula caused by chicken bone (case report), 617
Computed tomography in diagnosis and management of radiolucent urinary calculi, 405
Congenital abnormalities of urinary tract, antenatal diagnosis, 295
Corpus spongiosum in dog, functional innervation patterns, 597
Cortisol hydroxylation and bladder carcinoma, 419
Cystectomy, quality of life following, comparison of patients with conduit and with continent caecal reservoir urinary diversion, 240
Cystitis as manifestation of chronic graft-versus-host disease after bone marrow transplantation (case report), 612
Cystography in evaluation of stress urinary incontinence, comparison with transrectal ulatrasound, 228
Cystoscopy, rigid versus flexible: a controlled trial of patient tolerance, 537
Cystourethroscopy in investigation of microscopic haematuria in adult males under 40 years, 541
Cysts
epididymal, ethanolamine oleate as sclerosant, 445
percutaneous drainage under ultrasound guidance (case report), 385
seminal vesicles (case report), 491

D

Detrusor
-sphincter dyssynergia, evaluation using combined transrectal ultrasonography and urodynamics, 326
instability
management by transvesical phenol injection, 323
review article, 393
Diathermy hook ablation of posterior urethral valves in neonates and infants, 593
Diet and renal stones in 72 areas in England and Wales, 315
Digital subtraction angiography of kidney, 214
2, 8-Dihydroxyadenine urolithiasis in adenine phosphoribosyltransferase deficiency, 521
Diphallus in adult (case report), 185
Diverticula
pyelocaliceal, percutaneous surgery for stones, 206
urethral, treatment by transvaginal periurethral injection of polytetrafluoroethylene (point of technique), 280
DNA content of clinically localised carcinoma of prostate, relationship to conventional prognostic factors, 254
Drainage
percutaneous nephrolithotomy, use of noxythiolin as antiseptic irrigant, 307
percutaneous utricular cyst, under ultrasound guidance (case report), 385

E

Endometriosis, post-menopausal ureteric (case report), 91
Endosonography, transvaginal, in study of anatomy of lower urinary tract in stress incontinence, 414
Enema, phosphate, ruptured bladder following (case report), 616
Enuresis, treatment by severing of tight filium terminale, 42
Epididymis cysts, ethanolamine oleate as sclerosant, 445
Epididymitis, acute
frequency of *Chlamydia trachomatis*, 76
in young men, relevance of *Chlamydia trachomatis*, 72
Epididymo-vasitis associated with reversal of sterilisation (case report), 185
Erection
priapism, prazosin-induced (case report), 487
prolonged, following intracorporeal injections of medications to overcome impotence, 173
saline-induced without papaverine, potential source of error in diagnosing cavernosal venous leakage, 176
Ethanolamine oleate as sclerosant for testicular hydroceles and epididymal cysts, 445
Extracorporeal shockwave lithotripsy (ESWL)
in treatment of distal ureteric stones, 13
in treatment of lower ureteric stones, 525

F

Fallopian tube/ureteric fistula, pneumonephrosis due to (case report), 187
Fertility, effect of unilateral experimental testicular torsion on, 359
Filium terminale, tight, severing in treatment of persistent enuresis, 42
Fistulae
colovesical, caused by chicken bone (case report), 617
Fallopian tube/ureteric, pneumonephrosis due to (case report), 187
tuberculous vesicovaginal, in child (case report), 044
uretero-arterial (case report), 382
vesico-vaginal, induced by intravesical foreign body (case report), 271
Fungaemia complicating *Candida* pyelonephritis in obstructive neuropathy, 7

G

Germ cell tumours, poor risk, evaluation of POMB/ACE chemotherapy regimes, 454
Graft-versus-host disease after bone marrow transplantation, cystitis as manifestation (case report) 612
Granulomas, palisading, lower urinary tract (case report), 489

H

Haematoma, spontaneous perirenal, secondary to polyarteritis nodosa, 219
Haematuria
chyluria as cause, 609
microscopic, investigation by cystourethroscopy in adult males under 40 years, 541
pre-clinic intravenous urogram in earlier diagnosis of cause, 11
Hamster egg test, zona-free, prognostic significance, 603
Hemihypertrophy, congenital, and medullary sponge kidney (case report), 187
Heparin, subcutaneous, lack of effect on operative blood loss in transurethral resection of prostate, 246
Histiocytomas, malignant fibrous, associated with urinary tract (case report), 488
Human papilloma virus (HPV) type 11 in bladder tumour developing after renal transplantation, 36
Hydatid disease, renal, presenting as anuria (case report), 271
Hydroceles
multilocular, sclerotherapy (case report), 92
testicular, ethanolamine oleate as sclerosant, 445

Hydronephrosis, giant congenital, with fatal thromboembolic complication (case report), 85
Hypercalcaemia, malignant angiomyolipoma of kidney associated with (case report), 89
Hyperparathyroidism, primary
co-existing renal carcinoma (case report), 88
infrequency in renal stone formers, 4
Hypospadias
modified single-stage repair using double-island preputial skin tube (point of technique), 189
ultrasound screening of upper urinary tract, 595

I

Impotence
diagnosis of venous leakage as cause, potential error in use of saline- induced erection without papaverine, 176
prolonged erections following intracorporeal injections, 173
Incontinence, female
diuretic response to fluid load, 331
pad testing, optimum duration of, 331
stress
neurophysical measurements and relationship of neurogenic defects to presence of spina bifida occulta, 46
study of anatomy of lower urinary tract by transvaginal endosonography, 414
teflon injection, 39
transrectal ultrasound versus cystography in evaluation of, 228
videourodynamic assessment of Stamey procedure, 550
stress and instability, provisional study to quantify and compare parameters, 223
Intravenous urography (IVU) *see* Urography, intravenous

K

Kanamycin-colistin and "Trisdine" bladder instillations in reducing bacteriuria during intermittent catheterisation of patients with acute spinal cord trauma, 140
Ketanserin, penile tumescence after injection of (case report), 276
Kidneys
blunt renal trauma, sonography in diagnosis and follow-up, 110
carcinoma
acute Budd-Chiari syndrome with portosystemic encephalopathy as first sign (case report), 274
co-existing primary hyperparathyroidism (case report), 88
inadvertent transplantation (case report), 614
intravenous urography in diagnosis of, 1
digital subtraction angiography, 214
horseshoe, percutaneous nephrolithotomy in, 117
hydatid disease, presenting as anuria (case report), 271
leiomyosarcoma (case report), 381
malignant angiomyolipoma, associated with with hypercalcaemia (case report), 89
medullary sponge kidney and congenital hemi-hypertrophy (case report), 187
oncocytoma, calcification (case report), 486
radiologically non-functioning obstructed, prognosis, 209
simultaneous bilateral renal surgery in children (point of technique), 191
spontaneous perirenal haematoma secondary to polyarteritis nodosa, 219
stones *see* Stones, kidney
thoracic ectopia (case report), 183
transplantation
bladder tumour following, HPV type 11 in, 36
evaluation of extravesical and Leadbetter-Politano ureteroneocystostomy in, 412
inadvertent transplantation of carcinoma (case report), 614
transplants, stented, ureteric obstruction in, 123

L

Lasers, neodymium-YAG, installation and use in a urology department, 398
Leiomyoma of prostate, solitary (case report), 184
Leiomyosarcoma of kidney and breast (case report), 381
Lithotripsy
electrohydraulic, bladder stones, 148
extracorporeal shock wave *see* Extracorporeal shock wave lithotripsy
suprapubic (point of technique), 389
see also Nephrolithotripsy
Luteinising hormone-releasing hormone (LHRH) analogue
effect of pre-treatment with oestrogen on testosterone stimulation by, 352
in treatment of benign hypertrophied prostate, 163
Lymphangioma, cystic, of adrenal gland (case report), 93

M

Magnesium in urinary calculi, analysis by atomic absorption spectrophotometry, 203
Mediastinum, seminoma, 461
Medroxyprogesterone acetate-induced medical castration during chemotherapy for testicular cancer, lack of gonadal protection by, 449
Membrane, biodegradable, for use in urological surgery, 26
Myelolipoma, adrenal, as seen on nuclear magnetic resonance imaging (case report), 384

N

Nephrectomy, partial, in calculus disease, 511
Nephrolithotomy, percutaneous
drainage following, use of noxythiolin as antiseptic irrigant, 307
in horseshoe kidneys, 117
Nephrolithotripsy, percutaneous, phaeochromocytoma diagnosed during (case report), 485
Nocturia, adult, prophylactic treatment with bumetanide, 145
Noxythiolin
intravesical, controlled trial in prevention of infection following outflow tract surgery, 311
use as antiseptic irrigant in upper urinary tract drainage following percutaneous nephrolithotomy, 307
Nuclear magnetic resonance imaging, adrenal myelolipoma (case report), 384

O

Oestrogen pre-treatment, effect on LHRH testosterone stimulation, 352
Oncocytoma, renal, calcification (case report), 486
Oxybutynin, safety of, 319

P

Pad test of urinary incontinence, optimum duration of, 331
Papilloma virus, human *see* Human papilloma virus
Paracetamol metabolism and bladder carcinoma, 419

Penis
diphallus in adult (case report), 185
tumescence after injection of serotonin antagonist (ketanserin) (case report), 276
Phaeochromocytoma
diagnosed during percutaneous nephrolithotripsy (case report), 485
malignant, invasion of inferior vena cava (case report), 272
Phenol, transvesical injection in management of refractory detrusor instability, 323
Phosphatase, prostatic acid
usefulness in prostatic disease, comparison with prostate specific antigen, 581
value of measurements in predicting extraprostatic cancer growth before radical prostatectomy, 439
Phosphate crystals in urine, measurement of, 199
Phosphate enema, ruptured bladder following (case report), 616
Pneumonephrosis due to Fallopian tube/ureteric fistula (case report), 187
Polyarteritis nodosa
presenting as ruptured renal mass (case report), 276
spontaneous perirenal haematoma secondary to, 219
Polytetrafluoroethylene, transvaginal, periurethral injection in treatment of urethral diverticula (point of technique), 280
Posterior urethral valves (PUV) in boys, long-term outcome, 59
Prazosin-induced priapism (case report), 487
Pregnancy, ruptured ectopic, bilateral ureteric obstruction in (case report), 182
Priapism, prazosin-induced (case report), 487
Prostate
cancer/carcinoma
bone mineral content in, 355
clinically localised, relationship of DNA content to conventional prognostic factors, 254
comparative study of clinical usefulness of prostate specific antigen and prostatic acid phosphatase, 581
deferred treatment, 249
effect of stilboestrol and testosterone on incorporation of ^{75}Selenomethionine by prostatic carcinoma cells, 166
incidentally diagnosed, prognosis predicted by age, and size and grade of tumour, 576
untreated, value of measurement of serum prostate specific antigen, 584
value of acid phosphatase measurements in predicting extraprostatic cancer growth before radical prostatectomy, 439
commissurotomy, closed, 431
function, zinc concentrations in assessment, 565
hyperplasia
comparative study of clinical usefulness of prostate specific antigen and prostatic acid phosphatase, 581
value of measurement of serum prostate specific antigen, 584
hypertrophy
association between symptomatology and uroflowmetry, 427
benign, response to treatment with LHRH analogue, 163
chronic urine retention, 546
serial residual volumes in, 571
treatment by closed prostatic commissurotomy, 431
solitary leiomyoma (case report), 184
transurethral resection
with computer-monitored resectoscope, 54
effects on serum prostate antigen, 347
lack of effect of prophylactic subcutaneous heparin on operative blood loss, 246
low pressure, using a suprapubic trocar (points of technique), 494
single dose oral antibiotic cover, 434
utricular cyst, percutaneous drainage under ultrasound guidance (case report), 385
Prostate specific antigen
effects of transurethral resection on serum PSA, 347
usefulness in prostatic disease, comparison with prostatic acid phosphatase, 581
value of measurements in benign prostatic hyperplasia and untreated prostate cancer, 584
Prostatism, intravenous urography, 1
Pyelonephritis, *Candida*, complicated by fungaemia in obstructive uropathy, 7

R

Rectal, carcinoma with scrotal metastases, (case report), 612
Resectoscope, computer-monitored, use in transurethral prostatectomy, 54

S

Sacral roots, anterior, stimulator, 553
Salmonella anatum in patient with nephrolithiasis (case report), 615
Scrotum
metastases from rectal carcinoma (case report), 612
clinical value of ultrasound in investigation of scrotal pathology, 263
one-stage pedicle flap, use in urethroplasty (point of technique), 279
violation, significance in prognosis of patients with testicular tumours, 267
^{75}Selenomethionine incorporation by prostatic carcinoma cells, effect of stilboestrol and testosterone, 166
Seminal vesicles
cysts (case report), 491
primary carcinoma, cross-imaging diagnosis (case report), 383
Seminoma
primary mediastinal, 461
testicular, with unusual bone metastases (case report), 380
Serotonin antagonists, penile tumescence after injection of (case report), 276
Sperm
counts
after orchiectomy in stage 1 teratoma, 79
as prognostic factor of progression in stage 1 non-seminomatous germ cell tumours, 82
function, influence of antisperm antibodies, 367
zona-free hamster egg test, prognostic significance, 603
Spermatogenesis, effect of unilateral experimental testicular torsion on, 35
Spina bifida occulta, relationship to genuine stress incontinence of urine, 46
Spinal cord
congenital diseases, and bladder dysfunction, 51
injury
clinical significance of ureter diameter on intravenous urography following, 131
intermittent bladder catheterisation, comparison of efficacy of "Trisdine" and kanamycin-colistin instillations in reducing bacteriuria, 140
Stamey procedure for stress incontinence, videourodynamic assessment, 550
Stents, tethered ureteric, a clinical assessment, 409

Stilboestrol, effect on incorporation of ^{75}Selenomethionine by prostatic carcinoma cells, 166
Stones
2, 8-dihydroxyadenine, adenine phosphoribosyltransferase deficiency and, 521
bladder
electrohydraulic lithotripsy, 148
giant (case report), 90
calcium oxalate, urinary inhibitors, 515
kidney
diet and, 315
infrequency of associated primary hyperparathyroidism, 4
partial nephrectomy for, 511
Salmonella anatum and (case report), 615
treatment at integrated stone centre, 301
pyelocaliceal diverticula, percutaneous surgery for, 206
ureteric
distal, primary choice of intervention: ureteroscopy or ESWL, 13
lower, extracorporeal shockwave lithotripsy for, 525
treatment at integrated stone centre, 301
urethral
diverticular, formed on nylon suture (case report), 614
male, ultrasonic fragmentation, 443
urinary
analysis of magnesium and trace elements by atomic absorption spectrophotometry, 203
radiolucent, CT scanning in diagnosis and management, 405
Sutures, nylon, urethral diverticular calculus formed on (case report), 614
Swinney, Professor John, obituary, 101

T

Teflon injection in female stress incontinence, 39
Teratoma, testicular
advanced, management of, 63
stage 1, seminal analysis after orchiectomy, 79
Testes
bilateral germ cell tumours, incidence and prevention by chemotherapy, 374
cancer
lack of gonadal protection by medroxyprogesterone acetate-induced transient medical castration during chemotherapy, 449
prognosis, significance of scrotal violation in, 267
hydroceles, ethanolamine oleate as sclerosant, 445
seminoma, with unusual bone metastases (case report), 380
teratoma
advanced, management of, 63
stage 1, seminal analysis after orchiectomy, 79
torsion
effect on contralateral testis, and various types of treatment, 69
unilateral, effect on spermatogenesis and fertility, 359
traumatic rupture, 179
tumours, non-seminomatous germ cell, low sperm counts as prognostic factor, 82
undescended: a dual lesson (case report), 273
Testosterone
effect on incorporation of ^{75}Selenomethionine by prostatic carcinoma cells, 166
stimulation by LHRH, effect of oestrogen pre-treatment, 352
Trace elements in urinary calculi, analysis by atomic absorption spectrophotometry, 203
"Trisdine" and kanamycin-colistin bladder instillations in reducing bacteriuria during intermittent catheterisation of patients with acute spinal cord trauma, 140
Tumours
genitourinary, TNM classification 1987, 501, 502
see also specific sites and types of tumour

U

Ultrasound
clinical value in investigation of scrotal pathology, 263
fragmentation of male urethral calculi, 443
guidance of percutaneous drainage of utricular cyst (case report), 385
screening of upper urinary tract in hypospadias, 595
transrectal
along with urodynamic studies, in evaluation of detrusor-sphincter dyssynergia, 326
in evaluation of stress urinary incontinence, comparison with cystography, 228
Ureter
angiosarcoma (case report), 275
anterior polyps (case report), 183
bifid, cranial blind-ending branch: report of three cases, 127
clinical significance of diameter on intravenous urography after spinal cord injury, 131
endometriosis, post-menopausal (case report), 91
Fallopian tube/ureteric fistula, pneumonephrosis due to (case report), 187
motility, effect of urothelial damage, 19
obstruction
bilateral, late complication of ruptured ectopic pregnancy (case report), 182
in stented renal transplants, 123
stents
removal under local anaesthesia (point of technique), 280
tethered, a clinical assessment, 409
stones *see* Stones, ureteric
Ureterneocystostomy, evaluation of extravesical and Leadbetter-Politano techniques in renal transplantation, 412
Uretero-arterial fistula (case report), 382
Ureterocystostomy of vertex of bladder in treatment of primary vesicoureteric reflux: 12-year follow-up and analysis of operative failure, 531
Ureteroscopy, in treatment of distal ureteric stones, 13
Urethra
anterior, transitional cell carcinoma (case report), 489
diverticula, treatment by transvaginal periurethral injection of polytetrafluoroethylene (point of technique), 280
posterior valves
diathermy hook ablation in neonates and infants, 593
long-term outcome in boys, 59
strictures
in childhood, 590
treatment of primary stricture by optical internal urethrotomy, 261
Urethrocystectomy in treatment of transitional cell carcinoma of bladder in young men (case report), 380
Urethroplasty, one-stage pedicle scrotal flap (point of technique), 279
Urinary tract
amyloidosis, cardiovascular complications (case report), 386
congenital abnormalities, antenatal diagnosis, 295
lower
anatomy in urinary stress incontinence, study by transvaginal endosonography, 414

total substitution without use of prosthesis, 334
obstruction, *Candida* pyelonephritis complicated by fungaemia in, 7
Urine
leakage in stress and instability incontinence, provisional study to quantify and compare parameters, 223
loss, pad testing, optimum duration, 331
measurement of calcium oxalate and phosphate crystals in, 199
retention, chronic – a sensory problem? 546
Urodynamic studies, along with transrectal ultrasonography, in evaluation of detrusor-sphincter dyssynergia, 326
Urography, intravenous
in diagnosis of asymptomatic renal cancer, 1
in early diagnosis of cause of haematuria, 11
in prostatism, 1
Urothelium, damage to, effect on ureteric motility, 19
Utricular cyst, percutaneous drainage under ultrasound guidance (case report), 385

V

Vasectomy
length of vas removed, 377
reversal, epididymo-vasitis associated with (case report), 185
Vena cava, inferior, invasion in malignant phaeochromocytoma (case report), 272
Vesicoureteric reflux, treatment by antireflux ureterocystostomy at vertex of bladder: 12-year follow-up and analysis of operative failure, 531
Vesicovaginal fistula
induced by intravesical foreign body (case report), 271
tuberculous, in child (case report), 615

TNM Classification of Urological Tumours in 1988 501

Original Articles

Infrequency of Primary Hyperparathyroidism in Renal Stone Formers
M. Fuss, T. Pepersack, J. Corvilain, J. C. Vandewalle, J. Van Geertruyden, J. Simon and P. Kinnaert 4

***Candida* Pyelonephritis Complicated by Fungaemia in Obstructive Uropathy**
M. A. Beilke and N. Kirmani 7

The Value of the Pre-clinic Intravenous Urogram in the Earlier Diagnosis of the Cause of Haematuria
M. W. Jones, R. Cox, K. I. Davies and M. B. Rose 11

Primary Choice of Intervention for Distal Ureteric Stone: Ureteroscopy or ESWL?
S. R. El-Faqih, I. Husain, P. E. Ekman, N. D. Sharma, A. Chakrabarty and R. Talic 13

The Effect of Urothelial Damage on Ureteric Motility
An Ultrastructural and Functional Study
L. Ugaily-Thulesius, O. Thulesius and M. Sabha 19

The Evolution of a Biodegradable Membrane for Use in Urological Surgery
A Summary of 109 *in vivo* Experiments
R. Scott, R. Mohammed, S. D. Gorham, D. A. French, M. J. Monsour, A. Shivas and T. Hyland 26

Transitional Cell Carcinoma of the Bladder in a Young Man. A Multidisciplinary Approach
R. Migliari, R. M. Scarpa, R. Vanni, V. Ruggiero and E. Usai 32

Development of Bladder Tumour Containing HPV Type 11 DNA after Renal Transplantation
G. Querci Della Rovere, R. T. D. Oliver, D. J. McCance and J. E. Castro 36

Teflon Injection in Female Stress Incontinence. Effect on Urethral Pressure Profile and Flow Rate
S. G. Vesey, A. Rivett and P. J. O'Boyle 39

Treatment of Persistent Enuresis. Results of Severing a Tight Filum Terminale
A. Kondo, M. Gotoh, K. Kato, M. Saito, T. Sasakibara and H. Yamada 42

Neurophysiological Measurements in Patients with Genuine Stress Incontinence of Urine and the Relation of Neurogenic Defects to the Presence of Spina Bifida Occulta
A. Fidas, Helen L. MacDonald, R. A. Elton, A. McInnes, A. Brown and G. D. Chisholm 46

Peripheral Neurology as a Predictor of Bladder Dysfunction in Congenital Neuropathic Bladder
M. P. L. Williams, Z. Katz, J. M. Escala and A. M. K. Rickwood 51

Transurethral Prostatectomy with Computer-monitored Resectoscope
L. S. Chang and S. T. Young 54

Long-term Outcome of Boys with Posterior Urethral Valves
Helen Fitzmaurice Parkhouse, T. M. Barrett, M. J. Dillon, P. G. Duffy, J. Fay, P. G. Ransley, C. R. J. Woodhouse and D. I. Williams 59

The Management of Advanced Testicular Teratoma
M. J. Peckham, A. Horwich, D. F. Easton and W. F. Hendry 63

The Effect of Testicular Torsion on the Contralateral Testis and the Value of Various Types of Treatment
M. Sade, S. Amato, C. Buyuksu, S. Mertan, M. S. Canda and N. Kaplanoglu 69

The Relevance of *Chlamydia trachomatis* in Acute Epididymitis in Young Men
R. C. Pearson, C. D. Baumber, D. McGhie and I. V. Thambar 72

The Frequency of *Chlamydia trachomatis* in Acute Epididymitis
Z. De Jong, F. Pontonnier, P. Plante, J. R. Gautier, A. Ioualalen, M. Archambaud and G. Chabanon 76

Seminal Analysis after Orchiectomy in Stage 1 Teratoma
A. Horwich, E. J. Nicholls and W. F. Hendry 79

Low Sperm Counts as a Prognostic Factor of Progression in Stage 1 Non-seminomatous Germ Cell Testicular Tumours
D. Ondrus, M. Hornak and J. Vrabec 82

The Value of Sonography in the Diagnosis and Follow-up of Patients with Blunt Renal Trauma
A. Furtschegger, G. Egender and G. Jakse 110

Percutaneous Nephrolithotomy in Horseshoe Kidneys
Applied Anatomy and Clinical Experience
G. Janetschek and K. H. Kunzel 117

Ureteric Obstruction in Stented Renal Transplants
W. M. W. Gedroyc, G. Koffman and A. J. S. Saunders 123

Cranial Blind-ending Branch of a Bifid Ureter
Report of 3 Cases
Elisabeth A. Tilley and C. Jean Dow 127

Clinical Significance of Ureteric Diameter on Intravenous Urography after Spinal Cord Injury
E. P. Arnold and I. A. Cowan 131

Cephradine Prophylaxis in Transurethral Procedures for Carcinoma of the Bladder
J. P. MacDermott, R. E. Ewing, J. F. S. Somerville and B. K. Gray 136

Comparison of the Efficacy of "Trisdine" and Kanamycin-Colistin Bladder Instillations in Reducing Bacteriuria during Intermittent Catheterisation of Patients with Acute Spinal Cord Trauma
J. W. Pearman, M. Bailey and W. E. S. Harper 140

Prophylactic Treatment of Adult Nocturia with Bumetanide
P. A. Pedersen and P. B. Johansen 145

Electrohydraulic Lithotripsy of Bladder Stones
A Hong Kong Experience
Y. L. Yip and H. Tin 148

Diagnostic Efficacy of the Combination of Urine Cytology, Urine Analysis and History in the Follow-up of Bladder Carcinoma
E. J. H. Meuleman and K. P. J. Delaere 150

Pre-emptive (Neo-adjuvant) Chemotherapy Prior to Radical Radiotherapy for Fit Septuagenarians with Bladder Cancer: Age Itself is not a Contra-indication
D. Raghavan, R. Grundy, T. M. Greenaway, B. S. Pearson, J. Rogers, P. Duval, M. Meagher and Hedy Mameghan 154

Long-term Follow-up of Unilateral Bladder Neck Incision
Gillian E. Mobb and C. U. Moisey 160

Response of the Benign Hypertrophied Prostate to Treatment with an LHRH Analogue
P. F. Keane, A. G. Timoney, E. Kiely, Gordon Williams and G. Stamp 163

Effect of Stilboestrol and Testosterone on the Incorporation of ^{75}Selenomethionine by Prostatic Carcinoma Cells
M. A. Ferro, D. Heinemann, P. J. B. Smith and M. O. Symes 166

Prolonged Erections Following Intracorporeal Injection of Medications to Overcome Impotence
G. R. Watters, E. J. Keogh, C. J. Carati, Carolyn M. Earle, Z. S. Wisniewski, A. G. S. Tulloch and D. J. Lord 173

Saline-induced Artificial Erection without Papaverine: A Potential Source of Error in Diagnosing Cavernosal Venous Leakage
K. M. Desai and J. C. Gingell 176

Traumatic Rupture of the Testis
J. P. MacDermott, B. K. Gray and P. A. Hamilton-Stewart 179

Procedure for the Measurement of Calcium Oxalate and Phosphate Crystals in Urine
P. C. Hallson and G. A. Rose 199

Analysis of Magnesium and Trace Elements in Urinary Calculi by Atomic Absorption Spectrophotometry
I. Durak, A. Yasar, Z. Yurtarslani, M. Akpoyraz and S. Tasman 203

Percutaneous Surgery for Stones in Pyelocaliceal Diverticula
H. Hedelin, K. Geterud, L. Grenabo, C. Henriksson, S. Pettersson and B. F. Zachrisson 206

Prognosis of Radiologically Non-functioning Obstructed Kidneys
S. A. Taha, S. Al-Mohaya, A. Abdulkader, B. Kamal, A. Yousif and R. M. Anikwe 209

Digital Subtraction Angiography of the Kidney
F. Gattoni, Andrea Avogadro, U. Baldini, C. Pozzato, Maria T. Bonfanti, Daniela Gandini, L. Franch and C. Uslenghi 214

Spontaneous Perirenal Haematoma Secondary to Polyarteritis Nodosa
I. Tasdemir, C. Turgan, S. Emri, U. Yasavul, S. Caglar, M. Bakkaloglu, I. Erkan and D. Erol 219

Provisional Study to Quantify and Compare Parameters of Urine Leakage in Stress and Instability Incontinence
E. D. James and P. G. Niblett 223

Transrectal Ultrasound versus Cystography in the Evaluation of Anatomical Stress Urinary Incontinence
A. Bergman, Claudette J. McKenzie, J. Richmond, C. A. Ballard and L. D. Platt 228

Should pT1 Transitional Cell Cancers of the Bladder still be Classified as Superficial?
P. D. Abel, R. R. Hall and Gordon Williams 235

Quality of Life after Cystectomy
Comparison Between Patients with Conduit and those with Continent Caecal Reservoir Urinary Diversion
Åsa Månsson, G. Johnson and W. Månsson 240

Prophylactic Subcutaneous Heparin does not Increase Operative Blood Loss in Transurethral Resection of the Prostate
R. G. Wilson, D. Smith, G. Paton, J. M. Gollock and D. N. Bremner 246

Deferred Treatment for Prostate Cancer
R. Handley, T. W. Carr, D. Travis, P. H. Powell and R. R. Hall 249

Relationship of DNA Content to Conventional Prognostic Factors in Clinically Localised Carcinoma of the Prostate
